U.S. DISTRICT COURT

RE: Request For Extension OF Time To File Response

- To the United States District Court for the Middle District of Alabama (Southern Division)

Comes Now the Plaintiff in his own behalf in the above styled cause respectfully requests the District Court to grant an extension of time to file the Court's previous directive for a response to the Defendants' Motion for Summary Judgement.

Plaintiff grounds for the request involves:

1. Plaintiff was enrolled in the Substance Abuse Treatment Program (SAP) at Ventress Correctional Facility on May 19, 2008 and due to the program's segregation requirements which also require certain time restrictions in the inmate population, Plaintiff has been unable to adequately compile and obtain access to legal materials from the institution's law library that are at the Plaintiff's disposal, when permitted.\*\*
2. Plaintiff in acting "Pro se" is unfamiliar with all the Defendants' doctrine on "immunity defenses" included in the Special Report and Answer. Therefore, Plaintiff seeks relief from the Court so that the response to Defendants' Motion for Summary Judgement will have accurate components of established case law that would reflect on the Plaintiff's said claims, and provide the specific information ordered by the Court concerning all constitutional claims.

will be of considerable benefit toward opposing the Defendants' Special Report and Answer and will in good faith be "fact specific representations" to the Court.

Respectfully submitted on this 27<sup>th</sup> day of the month of May in the year 2008 of the Lord.

William A. Rollins
